Privacy Statement

Tuhourangi Tribal Authority was established as the governance entity to receive the assets and proceeds from the Te Pumautanga O Te Arawa Trust who negotiated the historical Treaty of Waitangi Claims of Te Arawa Iwi and hapu. The Hapu who affiliate to the Tuhourangi Iwi are listed on the second page of this form and have been identified through Whakapapa. The information you supply on this application form will be held on a centralized database (Software) under Tuhourangi Tribal Authority Beneficiary Registrations. All personal information will be treated confidentially and no information will be disclosed to third parties without your prior approval or authorization except as required by law. As the owner of such information you have the right to view your personal details held on the tribal database during office hours only.

Registration Validation

All new registrations will go through a validation process. The validation process will involve mandated members of a validation committee especially selected to review your details and confirm and make a decision on your application. If your application is not accepted you have the right to a review of that decision. Every attempt will be made to assist those applicants who do not know their hapu/marae and to identify the whakapapa you provide and your linkages to Tuhourangi.
